Digital printing

Navigator Platinum Digital is designed to suit digital printing needs, empowering your every output.

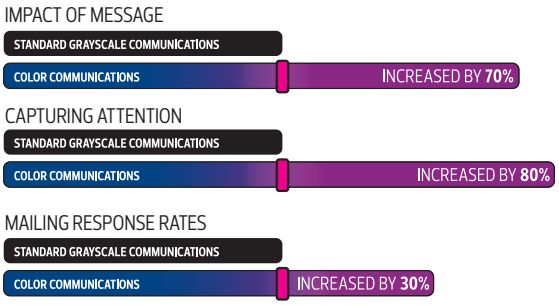
DIGITAL EXCELLENT PERFORMANCE

With Navigator Platinum Digital one thing never changes: incredible results.

By using the best-quality fiber, Eucalyptus globulus, Navigator Platinum Digital guarantees optimum paper characteristics for digital printing.

For best results use the following settings in your printer setup:
1 Select "Plain" paper type. | **2** Select "Better" printing quality. | **3** Adjust color saturation and tone for enhanced images. See your Printer Manual for further instructions.

Impressive Color Documents



Whiteness is extremely important for printing quality, enhancing color contrast and increasing impact on the recipient. Navigator Platinum Digital is one of the whitest office papers available in the market, making it especially suitable for color printing with any type of document.

Plus, Navigator Platinum Digital's excellent opacity prevents show-through in duplex printing, while its specially treated surface ensures optimum ink-paper interaction and better toner adhesion.

With superior quality, Navigator Platinum Digital is also ideal for double-sided printing, even when using color.
